

Volunteer Training

Training is accomplished with an initial orientation, on-the-job assistance, and a detailed handbook of responsibilities. A staff member and an office volunteer are always at the Center to provide additional support.

Event volunteers learn by doing. A committee chair or a staff member provides information, guidance and will match volunteers' interests and talents with the job at hand.

Stop by and see us at Tubac Center of the Arts. We'd love to get to know you! You may also receive information by giving Bonnie Jaus a call at 520-398-2371 or emailing her at Bonnie.Jaus@gmail.com.

At Tubac Center of the Arts, our volunteers are everything. When you volunteer at TCA, you are not only selflessly giving of your time and talents, you are also receiving some wonderful things too: camaraderie, companionship, a chance to be involved in a dynamic arts setting, "insider" information on what's new in the Gallery Shop and exhibition areas... and so much more. Do you like to work in the yard? Our landscaping would love your attention. Are "muscle jobs" appealing to you? We have activities that are not for the faint of heart. Do you love to play on the computer? We have a great deal of inputting to be done. Are you a writer? Our newsletters can always use a good wordsmith.

Help us plan a fundraiser. Decorate for the Auction. Greet our visitors. Host a visiting performer or speaker. Support the activities of the Gallery Shop. Help in the administrative offices.

The list is endless!
